Ride Year 2007 - 2008

Show Sponsors Information

Horses Help has created Equestrian Riding Teams with special abilities who will be "strutting their stuff" in friendly competition in our Annual Winter Classic Horse Show that will be held on January 5, 2008 at Horses Help. The Winter Classic will host competitors from around the valley. These riders have been working very hard to overcome their individual disabilities to become competitive equestrians. The day will be filled with friendly competition, incredible participants, food, music and fun!

Ask: To help cover the cost of supporting this event for our riders, we are looking for show sponsors and are reaching out to our community for assistance. All our sponsors will receive a tax-deductible donation form, a banner that will be placed up while traveling to events and displayed at our center for (6) months. In addition, your name will be placed in our event program and in our newsletters (other donations will be accepted as well). All funds raised will be used to support our therapeutic riding teams uniforms and equipment needed for our special abilities riders.

Mission: Horses Help is a premiere accredited therapeutic and recreational agency that serves the special needs population by providing activities to empower them to break through physical, cognitive and emotional barriers using a unique collaboration of horses and people within Arizona's "Valley of the Sun."

Our History: Horses Help was founded in 1987 by a Therapeutic riding instructor and some dedicated volunteers. The need for such an organization was expressed over and over again by families and agency requests for *therapy facilitated with a horse*. Equine activities are used as a form of therapy to achieve physical, psychological, cognitive, behavioral and communication goals. Originally serving only 15 riders a week, in a back yard, Horses Help has grown to over 100 riders per week. In 1999, after several moves, Horses Help purchased and began developing a 5 acre parcel located in north Phoenix, off of the Loop 101 Freeway. Horses Help has added hippotherapy, summer camps, recreational riding and today, *the center conducts 3,000 rides per year, using over 30,000 volunteer hours!*

The smiles everyone received and continues to receive from our riders makes it all worth every effort! We encourage you to support these special riders as they become competitive independent equestrians.

Sincerely,

Gregg Goodman,
Executive Director
Horses Help
North American Riding for the Handicapped Association (NARHA)
Arizona State Representative

Banner Sponsor Information

Banner Page – Please provide data as to what you would like the banner to say and/or include.
