

**Cindy Ramsey, Co-founder  
and Programs Committee Director**

Most of you will know me as the Executive Director of Horses Help for 18 years. Even in retirement I stay involved there with board and fundraising activities. I'm also an active participant in Arizona Cowgirls, Happy Hoofers, Arizona Back Country Riders and a few other horsey organizations. Oops, let's not forget President of Cave Creek Saddle Club. This year I plan to spend a lot of time in the saddle and get some good use out of those horseshoes.

Some of the horsey accomplishments I am very proud of are the Special Achievement Award that was presented to me by Arizona State Horse Assn.; the local Horse Hero Award; the Advanced Horsemaster w/ Honors Certification, and regional chairperson (5-state) for North American Riding for the Handicapped Assn.

The community is very important and our support of it makes a difference. On that thread I am an active member of Desert Foothills Women's Club. The two primary positions I hold there are Treasurer and Chairperson of Philanthropy. I have to say that the Philanthropy part is a real kick. After 20 years of begging for money for Horses Help I

get to give it away to worthy young ladies for future education and also to active community groups.
